

Quality Policy

The Quality Policy of Anandji Haridas & Co. Pvt. Ltd. is to:

- ✓ Supply pressed and fabricated sheet metal products and assemblies to meet customer specifications and application requirements.
- ✓ Ensure that customers' and/or applicable statutory and regulatory requirements are determined, understood and consistently met.
- ✓ Determine risks and failures that can affect conformity of parts and assemblies and address these adequately, to ensure that focus on enhancing customer satisfaction is sustained.

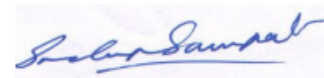

This will be achieved by:

- I. Establishing and maintaining a Quality Management System
- II. Setting and reviewing measurable quality objectives and working to ensure that these objectives are met.
- III. Continually improve processes in all areas of management.
- IV. Maintaining continuous communication with customers and facilitating productive and value improvements in parts and assemblies supplied.
- V. Continually training workforce to understand our customer expectations and to empower them to pro-actively contribute to the effectiveness of the Quality Management System.
- VI. Ensuring resources needed for the Quality Management System are available, including training, support and encouragement.
- VII. Promoting continual improvement.
